Dear Paul

Id just like to take this opportunity to thank you for your time over the last 2 weeks.

Myself and Gavin found the course very informative and feel we have both learnt a great deal from the course.

It was a pleasure being trained by someone who is so experienced in their profession and who also shows such passion about their work.

Once again many thanks for your time and I look forward to putting all I have learnt into practice in the near future.

Kind Regards

Adrian Oliver
